Accepted Healthcare* Electives			
MLT 215	Clinical Practice	MOA 103	Medical Billing and Coding Procedures
MOA 101	Medical Ethics and Office Procedures	HPE 113	Medical Terminology
<p>*Courses in any Elective Block must amount to a multiple of 3 to be brought in to SJC. In rare cases, when courses do not amount to a multiple of 3, a single credit may be brought in if there is room in General Electives for the student's desired program. An evaluation of the ability of this will be done on an individual basis, and final determination will be made by the registrar's office at SJC. In addition, once a student maxes out on room in a particular elective block, no other elective credits may be accepted to that block.</p>
