

The FAFSA: the most important financial aid form you'll ever fill out

The Free Application for Federal Student Aid, or FAFSA, is used by colleges and the federal government to determine your eligibility for grants, need-based scholarships, loans and work-study programs.

The 2022-2023 FAFSA becomes available each year on October 1, and the sooner you submit it, the more aid will be available to you. Each school and some states have their own priority deadlines as well. You can [look up your state's deadline here](#).

Get Ready!

Filing the FAFSA isn't as complicated or time-consuming as it sounds – a little preparation will help make the process go smoothly. Use [this worksheet](#) to get a sneak preview of what the form looks like and the questions it asks!

Before you can submit your FAFSA, you'll need to [create your FSA ID](#). You'll need an FSA ID to log in to your account, sign the FAFSA and make changes or add schools. You and your parent must create separate FSA IDs.

Get Help

Don't worry about getting stuck while you're filling out the FAFSA – lots of help is available, starting with your school's financial aid office. They'll help you with any questions you have at any step of the process.

On the FAFSA app and website, there are tooltips next to each question, [detailed help pages](#) and a chat option. There's also an 800 number to call (1-800-4FED-AID).

The FAFSA even has its own YouTube channel! [Check it out](#) for step-by-step instructions on creating an FSA ID and filling out the form, help understanding different types of aid and more.

Get Your Aid!

Once you submit your FAFSA, you'll get a Student Aid Report (SAR), and your information will be shared with the schools you indicated on your FAFSA form.

Here are some key terms you'll see on your SAR and on the financial aid packages you'll receive from the schools you listed on your FAFSA:

Expected Family Contribution (EFC):

The amount that the federal government believes your family can contribute to one year of college. Colleges use this, among other things, to determine financial need.

Cost of Attendance (COA):

An estimate of how much it costs to attend a college. The COA includes the price of tuition and fees, room and board, books and supplies and other expenses associated with attending that school.

Financial need:

The difference between Expected Family Contribution (EFC) and a college's Cost of Attendance (COA).

Net price:

How much it will cost you to attend a college for one year after your scholarships and grants, loans and work-study subtracted from the COA.

Student Aid Report (SAR):

This report shows you what data is on your FAFSA, some information about the aid for which you're eligible and your Expected Family Contribution (EFC).

Subsidized loan:

A need-based loan which is interest-free while you're in school.

Unsubsidized loan:

A loan for which you don't have to demonstrate financial need, but on which interest will accrue while you are in school. You are not required to make payments while you are enrolled, but you may choose to do so.

Scholarship/grant:

A monetary gift that doesn't have to be repaid. It is provided by the federal or state government, the institution, and/or private organizations. It can be one-time or renewable, and based on grades, talents or other criteria.

Work-study:

A part-time job for students with financial need.

You can contact your school's financial aid office at any time if you need some help understanding terms like these. They'll be happy to help you translate them!
